

Scouts from Troop 199 were right in the middle of the Shred-athon Saturday at 9NEWS. The Shred-athon is an annual opportunity for Denver area residents to get rid of outdated documents

without worrying about them falling into the hands of identity thieves. 9NEWS partners with the document shredding professionals at Shred-it and a number of local law enforcement agencies, including Denver Police, Aurora Police, Westminster Police, the Arapahoe County Sheriff's Department and the Jefferson County Sheriff's Department. In addition to collecting and destroying 300,000 pounds of documents, the effort also raised \$56,000 for the Crimestoppers organization.

9NEWS and their partners would like to thank us for all our work. Great job guys!
